It had been agreed at the last General meeting that the football pitch is still in a very poor state following previous work due to the extended hot spell with there having been no rainfall for a significant period. A quote had been solicited to the amount of £5,160 to re-lay and provide ongoing irrigation to make the pitch ready and playable for the beginning of the football season. It was unanimously agreed that the work needs to be done but a question was raised as to whether the work would be effective if the dry spell continued beyond the contracted period of irrigation.

**MOTION:** To consider quotation to repair football pitch surface to the amount of £5,160.60 was proposed by Cllr Palmer seconded by Cllr Courtman and agreed unanimously subject to weather conditions being suitable as above.

There being no further business the meeting closed at 7.20 p.m.
